## **Ministry Leadership Position** Project Director: Little Dream Home

### **Background:**

The Little Dream Home is a ministry of Serving Church, Inc. Serving Church, Inc. is a non-profit ministry whose mission is to inspire the Church to serve the world in the name of Jesus.

Little Dream Home is a multifaceted response to the Church's need to respond in love to the tragedy of thousands of Native Americans living in overcrowded, dilapidated housing. Currently, on the Pine Ridge Reservation in western South Dakota, it is estimated that there is a shortage of 4,000 homes. Many 20 or more family members find themselves living in homes designed for less than 8. It is our desire to mobilize church teams, working alongside community members in Pine Ridge to address this housing crisis. The Little Dream House is a 12'x 20' self sustainable house designed to be built alongside existing housing. Teams will have an opportunity to build these Little Dream Homes with the family members that will live in them. The homes are designed to be able to be built in two weeks or less. In addition, several financial plans have been developed to make these homes sustainable for the individuals that will live in them. Our intention is not solely to create additional, sustainable and affordable housing on the Pine Ridge Reservation. By first responding in humble, loving service, it is our sincere hope that recipients of that service will experience Christ incarnate and the hope he brings to life. We seek to be bringers of God's Kingdom and the truly good news of Jesus to earth.
