

SERVINGCHURCH

Ministry Leadership Position

Project Director: recycleGOODs

Background:

recycleGOODs is a program ministry of Serving Church, Inc. The mission of Serving Church is to inspire the church to serve the world in the name of Jesus. We accomplish the mission by creating serving experiences that church leaders can use to move their people into lives of ministry and service.

recycleGOODs is the resale partner of Serving with Stuff. Serving with Stuff is designed to offer churches an easy access point to invite all members into the act of serving. The premise is, all people have stuff. Lots of people have lots of stuff that is sitting in storage gathering dust, doing no one any good. Here's how stuff can do good. Churches are invited to participate in a Serving with Stuff Sunday. A Serving with Stuff team will be on hand to collect all the stuff church members can bring to donate. The benefits of a church's participation in a Serving with Stuff drive are many. For the church, every one can participate in the act of serving generously. The church's leadership can leverage the event with a teaching/preaching/ Bible study series. The church gets to support a Christ-centered ministry that ministers to those in need in both urban and rural reservation settings.

recycleGOODs purpose is to resell or donate the collected Serving with Stuff donations in order to support ministry objectives. This is accomplished by the creation of sales channels which include thrift stores and Craigslist type listings. Currently plans are being made to start a traditional thrift store serving the Pine Ridge Reservation in South Dakota. In addition, an initial retail store is planned in the Twin Cities to incubate novel and exciting approaches to thrift stores. In addition to creating financial resources for ministry, the thrift store operation will create job readiness for the hard to employ while ministering relationally.

Primary Responsibilities:

- Store design and setup- As a startup ministry enterprise, the Project Director will be assisting in and creating thrift store concepts and strategy. In addition, they will be responsible for the overall design and look/feel.
- Multisite Retail sales management- The Project Director will oversee the day to day operations of the retail sites (2).

- Alternative channel distribution management-Creative insight will be provided by the Project Director to find the highest and best way to distribute donated to create the most ministry good.

Desired Qualities:

- As a Christ-centered ministry, it is our expectation the the Project Director will have a vibrant, Grace experiencing, growing relationship with Jesus.
- Project Director will be able to communicate clearly and winsomely the mission of Serving Church and recycleGOODs to the public, volunteers and the employees we serve through the ministry.
- Project Director will have a deeply compassionate heart that motivates them to serve the public, volunteers and recipients of ministry, selflessly.
- To succeed, the Project Director must have significant organizational skills and be able to work in a self directed nature.
- Project Director will need to possess strong business and financial management skills in order to accomplish budget goals.
- Experience in retail sales management and preferably thrift store operations are valued.
- As a part of their compensation, the Project Director will have sales or fund development experience sufficient to meet church recruitment and personal support raising goals.
- Project Director must pass a background check, have a valid driver's license and a favorable driving record.

Salary and Benefits:

- Salary commensurate with experience and qualifications.
- Health Benefits- up to \$350 per month contributed to a company cafeteria plan
